Re: Proposal the Use Microorganisms to Address Odor Problem at the Waimanalo Gulch Landfill

For years, residents living in the near vicinity of the Waimanalo Gulch Landfill have complained of the noxious odors that often come from the landfill. At this time, Councilman time is very interested in introducing microorganism technology to address the problems of odor at the landfill.

Currently, the Honolulu Zoo uses microorganism technology for composting and odor control. Councilman Tam has arranged a special meeting for the media. This meeting is scheduled for:

Date: Monday, August 29, 2005

Time: 9:30 a.m.

Location: Honolulu Zoo. (Please meet by the main entrance.)

For further information, please contact Councilmember Rod Tam at (808) 216-5454 (cell phone).
